PERFECTION IN PROTECTION

Price Book

LIST PRICES FOR TOWNSTEEL PRODUCTS

The TownSteel Promise

We have built our company around the promise of creating durable hardware solutions for your projects. Our complete product line is the result of decades of determined engineering. This allows TownSteel to provide you with the right product to meet your exacting specifications. With end-to-end customer support, you will find that TownSteel is the ideal company for you to partner with. Check us out at townsteel.com for more information!

Release Notes

Mortise Locks

Added the F110 Classroom Intruder function to the **CE / CEC**

Mortise Locks

Made the available finish and escutcheon options more clear for the **MSS Mechanical** and **MSE Mechanical**

Ligature Resistant Locks

Added the 3-3/4" backset option for the **CRX-A**, **CRX-A-S**, and **TRX-L**

Added additional options for the **MRX Ligature Resistant Status Indicator**

Added additional options for the **EDMRX-A Exit Device with Ligature Resistant Arch Trim**

Exit Devices

Updated the formatting of part numbers for **Less Bottom Rod** exit devices

Added additional options for **Grade 2 exit devices**, **1200 Surface Vertical Rod exit devices**, and **3747 Narrow Stile Concealed Vertical Rod exit devices**

Exit Device Trims

Added the new **Aegis ESG Exit Device Trim**

Updated various part numbers descriptions to be more accurate in the ordering process

Deadbolts

Removed the 2-3/8" backset option for the **DBD**

Added the new **Aegis SLD Deadbolt**

Electronic Locks and Software - Standalone

Removed 622 finish options from the **FME-2000, XME-2000, FME-4000, and XME-9000**

Electronic Locks and Software - Access Control

Corrected inconsistent part numbers and descriptions through this section

Release Notes

Cylinders and Keying

Changed pricing to "Contact factory" for the 630 finish for all cylinder options

Door Closers

Removed the **TDC ARM-04-40** and **TDC ARM-05-40** from the available closer arm options

Removed the Barrier Free option from all closers, as all TownSteel door closers meet barrier free requirements, so we removed the note about optional barrier free closers

School Security Solutions

Added the new **Aegis ESG Exit Device Trim** and **Aegis SLD Deadbolt**

Rejuvenator Series

Added the new **CE-R / CEC-R**, **Aegis ESG Exit Device Trim**, and **Aegis SLD Deadbolt**

Made the available finish and escutcheon options more clear for the **MSS Mechanical** and **MSE Mechanical**

Removed the **MKS Exit Device Trim** from this section

Indicator Devices

Added the new **Aegis ESG Exit Device Trim** and **Aegis SLD Deadbolt**

Welcome to the 2026 TownSteel price book! Our mission with this is to create an all-encompassing, complete, easy-to-use price book so you can quickly and easily obtain list pricing on all of the TownSteel product lines.

Click on a link below and you will be taken to the pricing for that product line. Once there, each page has a "Return to Table of Contents" button for you to return to this page.

You will also notice that we've incorporated basic How to Order information for each product. If you need more information, click on the link and you will be directed to the appropriate page on our website.

This price book supersedes all previous versions.

SCHOOL SECURITY SOLUTIONS   PAGE

School Security Solutions

About School Security Solutions

On April 23, 1635, the first public school in what became the United States was formed in Boston, Massachusetts. Since this time, educational facilities have had the noble mission of training students for their chosen professions.

School is a place where most people spend a significant amount of their lives. Gaining knowledge, developing friendships, and preparing for the future are some of the important activities that happen in schools. The environment needs to nurture this growth and provide a safe haven for students and staff. This is precisely where school security comes into play.

The world we live in is evolving and it's vital that schools prioritize student's and staff's protection. Classroom openings and their respective hardware can offer a great deal of security when called upon. TownSteel would like to introduce you to some of the products we have that help to protect students and staff.

Rejuvenator Series

Rejuvenator Series

About the Rejuvenator Series

Pictured above: the first advertisement / sell sheet for the Rejuvenator launched in 2007

In 2007, TownSteel founder Dennis Ma created the original Rejuvenator, a mechanical escutcheon trim that was designed to be adjustable to fit the dimensions of major brands' mortises. The Rejuvenator was originally designed to be a cost effective way for locksmiths to be able to replace the damaged or broken trim on a mortise lock without having to order an entire new lockset.

Unlike other door preparations, the mortise lock is distinctive and varies across every brand. In many cases, the only way to upgrade from worn out or outdated mortise locks is through costly modifications, which can require intensive labor to modify existing door preps and impact the various required codes. Therefore, many people often opt for new doors as the most cost-effective way to tackle this.

In 2026 however, many facilities may be looking to replace the entire mortise lockset, as opposed to just the trim. To better address the concerns associated with upgrading an existing mortise without modifying or replacing the door, Dennis has designed the new Rejuvenator to include new mortise chassis to fit into existing door preps, eliminating the need for costly door modifications.

Since this product is tested and certified, your certifications or labels for your doors will not be affected. The new Rejuvenator also meets UL 10C 3-hour fire rating, ANSI / BHMA Grade 1 Certifications, and meets the requirements of the American with Disabilities Act.

*Consult factory for BAA compliant Rejuvenator products.

MSE-R and MSE-LW Mortise Lock with Escutcheon

MSE-R (Regular)　　　　　　　　**MSE-LW (Low and Wide)**

Direct replacement for Schlage®, Sargent®, Best®, Dorma®, Corbin Russwin®, Marks®, and PDQ® mortise chassis. Please indicate desired brand templating when ordering.

Effective 2/1/2026; supersedes all previous versions.

Terms and Conditions of Sale

1. Sale. As used herein, the term "Seller" shall mean TownSteel Incorporated and "Buyer" shall mean the party issuing a purchase order for or otherwise acquiring goods to be supplied by Seller. The Terms and Conditions of Sale contained herein shall apply to all quotations made and purchase orders entered by Seller. These Terms and Conditions of Sale constitute an offer by Seller to sell products (the "Products") pursuant to the terms and conditions stated herein. THIS OFFER IS EXPRESSLY CONDITIONED ON ACCEPTANCE WITHOUT ADDITION OR ALTERATION. SELLER HEREBY PROVIDES NOTICE THAT IT OBJECTS TO ANY ADDITIONAL OR DIFFERENT TERMS PROPOSED IN ANY INSTRUMENT REQUESTING OR CONFIRMING THIS OFFER OF SALE BY OR ON BEHALF OF BUYER. These Terms and Conditions supersede any provisions, terms and conditions contained on any confirmation, purchase order or other writing the Buyer may give or receive, and the rights of the parties shall be governed exclusively by these Terms and Conditions. No contrary, additional, or different provisions, terms or conditions shall be binding on the seller. All orders placed by Buyer are subject to acceptance by Seller. Orders may not be canceled or rescheduled without Seller's written consent. All orders must identify the products, unit quantities, part numbers, applicable prices and requested delivery dates of the Products being purchased.

2. Prices; Payment; Setoff. Unless otherwise provided in writing by Seller, all prices quoted (i) are F.O.B. Seller's facility in City of Industry, California, or other location specified by Seller; (ii) are based on the quantities specified for delivery; (iii) shall automatically expire sixty (60) calendar days following the quotation date; and (iv) are subject to termination by Seller within such period. Such prices are subject to increase by Seller for (i) any order change made by Buyer and approved by Seller, (ii) with respect to multiple orders pursuant to a single purchase order, for any order confirmed after a general price increase made by Seller, and (iii) orders requiring special inspection, special packaging, handling and/or certification. In addition, unless otherwise provided in a written quotation or invoice, payment terms shall be Net 30 days or whatever approved by seller and interest shall accrue on all past due invoice amounts at the rate of 1.5% per month (or the maximum amount permitted by applicable law, whichever is lower), and be calculated starting from the fifteenth (15) day of invoice due date. Failure to timely pay any Seller invoice shall cause all subsequent invoices to become immediately due and payable. Seller may set off any amount due from Buyer, whether or not under this agreement, against any amount which may become due to Buyer hereunder. In the event of default by Buyer, Seller shall be entitled to costs, fees, and expenses, including but not limited to recovery of attorney fees, court costs and fees, and collections costs.

3. Shipment; Risk of Loss; Title. Unless otherwise agreed to in writing by the parties, deliveries of the goods shall be F.O.B. Seller's facility in City of Industry, California, or other location specified by Seller. Seller shall not be obligated to accept Product orders totaling less than $100.00. For orders less than $300, a $30 processing charge will be added. Seller shall use its reasonable efforts to place the goods in the possession of a carrier and to make a contract for their transportation as may be reasonable, having regard for the nature of the goods and generally accepted commercial standards. Buyer shall be responsible for and pay all expenses paid or incurred by Seller in delivering the goods. Buyer shall be responsible for insuring the goods during shipment. Risk of loss of the goods shall pass to Buyer at the time the goods are tendered to such carrier. Seller is not responsible for any items lost or damaged during the course of shipment. Buyer is responsible for inspection of the shipment(s) for damages before signing for shipment. Buyer is to note of any visible damage on the delivery ticket on the copy to the Carrier and contact both the Carrier and Seller immediately.

4. Acceptance; Adjustments. All Products sold by Seller hereunder shall be deemed correct and acceptable by Buyer unless within ten (10) days following Buyer's receipt of the Product, Buyer notifies Seller in writing of any claim that such Products are damaged or defective. Any claims for shortages or invoice discrepancies must be made to Seller in writing within ten (10) days following the invoice date to qualify for an adjustment. Claims for loss or damage because of shipment must include a copy of the delivery receipt that lists such damage, signed by the delivery driver. The Buyer must give notice of any claim within 10 days from the date of delivery. Failure to meet the 10 days will constitute an unconditional acceptance of the products and a waiver by the Buyer of all claims with respect to the products.

5. Warranties and Remedies. Seller warrants that all its products are free from defects in workmanship and material under normal use and service as shown in the Warranty document. Inspection will be made by the Buyer at the time and place of delivery. Seller will, at its option, repair or replace defective products with no charge for parts or labor, provided said products are returned to Seller at 17901 Railroad Street, City of Industry, CA 91748, freight prepaid, accompanied by Seller-provided RMA number, proof of purchase with date and a written notice which includes Buyer's name, address, telephone number, email address, item No. and a brief description of the defect or problem. Refer to the RMA Policy for additional information. Seller is not responsible for defects or damages which occur from improper installation, maintenance and storage, shipping and handling, ordinary wear and tear, misuse, abuse, accident, unauthorized service, work done by others, consequential damages, or use of Seller's products with unauthorized non-Seller's parts.

6. Cancellation. Seller may designate certain Products and Services as noncancelable and the sale of such Products shall be subject to any special terms and conditions contained in Seller's Proforma Invoice which shall prevail and supersede any inconsistent terms and conditions contained herein or elsewhere. Buyer shall be liable to Seller for any and all costs and expenses incurred by Seller (including, without limitation, reasonable attorney's fees) in connection with Seller's collection of any past due invoice amounts. In the event that Buyer cancels any order placed (in whole or in part) without Seller's consent, Buyer shall be liable to Seller for reasonable cancellation charges, which shall include, but not be limited to, all costs and expenses incurred by Seller in preparing to fulfill such order. Cancellations will be accepted only upon receipt of written notice from Buyer and acceptance by Seller. Buyer shall incur a restocking charge of twenty five percent (25%) of the total invoice for any order canceled more than three (3) calendar days after initially placed with Seller.

7. Returns. Seller may designate certain Products and Services as non-returnable and the sale of such Products shall be subject to any special terms and conditions contained in Seller's Proforma Invoice, which shall prevail and supersede any inconsistent terms and conditions contained herein or elsewhere. No merchandise shall be accepted for credit unless the return has been previously authorized by Seller in writing and Buyer returns the Products in original condition and packaging along with a copy of Seller's authorization for such return. Returns shall be accepted within ninety (90) days after receiving the product, Buyer shall incur a restocking charge of twenty five

Terms and Conditions of Sale

percent (25%) of the total invoice for any order returned. Any credit issued pursuant to the terms herein shall be applied to Buyer's future Product orders. Seller shall not be obligated to issue any refund to Buyer.

8. Security Interest. Buyer hereby grants to Seller a purchase money security interest in all Products covered hereby as security for payment of all amounts due hereunder. Buyer agrees that Seller may take any actions reasonably necessary to perfect, preserve, and protect the security interest created hereby. The Seller shall have all of the remedies of a secured creditor under the Uniform Commercial Code or similar law of the country, kingdom, territory or principality in which Buyer is resident or to which the Products are shipped.

9. Option to Accelerate. Upon written notice to Buyer, Seller shall have the right to demand immediate payment of amounts due hereunder when Seller believes in good faith that the prospect or payment or performance by Buyer hereunder is impaired. The acceptance of Products by Buyer shall constitute an express representation that Buyer is not then insolvent within the meaning of Title 11, United States Code, or similar federal or state law or similar law of any foreign government.

10. Taxes. Any tax, duty, custom, impost or other fee of any nature imposed upon this transaction by any Federal, State, local or foreign governmental authority shall be paid by Buyer in addition to the price quoted or invoiced. In the event Seller is required to prepay any such tax, Buyer will promptly reimburse Seller for same. Buyer agrees to indemnify and hold Seller harmless for any liability for tax in connection with the sale, as well as the collection or withholding thereof, including penalties and interest thereon.

11. Contingencies. Seller will make reasonable efforts to fulfill orders; however, Seller will not be liable for any delay in performance or nonperformance on the part of Seller, directly or indirectly caused by fire, explosion, accidents, flood, labor trouble or shortage, war, act or regulation of any government, inability to obtain suitable material, equipment, fuel, power or transportation, or act of God; arising from contingencies, happenings or causes beyond the reasonable control of Seller. Quantities so affected by any such circumstances may be reduced by Seller without liability, but this agreement shall otherwise remain unaffected.

12. Default; Modification; Suspension. Cancellation, modification, suspension, or delay in shipment of Buyer's order shall not be accepted on terms which will not fully indemnify and reimburse Seller against loss; such indemnity to include recovery of all direct costs incurred and a normal profit.

13. Credit Approval. Shipments, deliveries, and performances of work shall at all times be subject to the approval of the Seller's credit department. Seller may at any time decline to make any shipment or delivery or perform any work except upon receipt of payment in advance or upon such other payment terms as are acceptable to Seller's credit department.

14. Waiver. No claim or right arising out of a breach of any agreement to purchase Products by Buyer may be discharged in whole or in part by a waiver or renunciation of the claim or right by Seller unless supported by consideration and in writing signed by Seller. No waiver of a breach shall operate or be construed as a waiver of any subsequent breach.

15. Assignment. Buyer shall not assign or transfer any of its rights or obligations hereunder without Seller's prior written consent.

16. Governing Law; Venue. The contract made by acceptance of this/all offer(s) shall be deemed made in the State of California and shall be governed by and construed in accordance with the laws of that state, without regard or giving effect to its principles of conflicts of laws principles, as if fully performed in California. In addition, Buyer agrees that any and all disputes arising out of or in connection with such contract shall be resolved exclusively in the state and/or federal courts located within the State of California, which shall have exclusive jurisdiction.

17. Entire Agreement. Upon acceptance by Buyer with signature on Credit Application or credit card authorization, these terms and conditions shall contain the entire agreement of the parties regarding the subject matter hereof and shall supersede any and all purchase orders, bills of lading, invoices, letters of intent, agreements, understandings and negotiations regarding same. Any change affecting these Terms and Conditions of Sale must be approved in writing by Seller.

18. Severability. If any provision, clause or part of these Terms and Conditions or any agreement between the Buyer and Seller, or the application thereof is held invalid, the remainder of any such agreement, or the application of such provision, clause or part under other circumstances shall not be affected thereby.

19. Binding Effect. These Terms and Conditions shall be binding and inure to the benefit of the parties hereto, their successors and assigns, or other legal representatives.

20. Miscellaneous. When paying by credit card a 2% processing fee will be added to the invoice at time of payment. Orders will be considered complete when shipped within 10% over or under order quantities unless otherwise specified on customer orders. Prepaid transportation charges will be shown as a separate invoice item. All tools remain the property of TownSteel.
