Aegis LIC-SLM Bored Lock

Features & Benefits

- ANSI/BHMA A156.2 Grade 1 Certified, UL 10(C) 3-hour fire rated, and ADA compliant.
- Large double-sided status indicators display lock status on both sides of the door, improving visibility in high-traffic areas.
- Maintains free egress at all times for occupant safety.
- Supports the use of existing key systems, allowing existing cylinders to stay in place and reducing overall upgrade costs.
- Broad retrofit compatibility: fits into any existing cylindrical lock prep, requiring minimal door prep work to install the lock.
- Available in multiple functions and configurations to meet various institutional requirements.

Specifications

- **Backset:** 2-3/4" standard
- **Door Thickness:** 1-3/4" standard; others available upon request
- **Door Prep:** Standard 161 prep with through holes
- **Handing:** LH / RH; LH to LHR and RH to RHR are field adjusted
- **Lockbody:** Rigid
- **Latch Bolt:** Stainless Steel, Anti-Pick, 1/2" projection
- **Cylinder:** Schlage® "C" keyway, standard; for other cylinder options, see How-to-Order below
